Sure thing.

Illinois River Update:

- Model training on both the watershed and lake models has not been scheduled yet.
- A task order on a national contract vehicle is being developed to access the necessary trainers.
 - The current anticipated timeframe for the task order to be approved and funded is mid-August.
 - The associated training would occur shortly after the task order is approved and funded.

Taimur A. Shaikh, Ph.D.

Assessment, Listing, and TMDL Section (6WQ-PT)

Importance: High

Hey Taim - can you send me a few responsive bullets in the next few minutes? I'd like to answer David during the ADs meeting from 9 - 10.

Thanks

I don't believe this is set up yet but can you please provide a short status of where we are at?

David F. Garcia, P.E.
Acting Director
Water Division

U.S. EPA Region 6
